Basic Services of Funeral Director & Staff \$3250

Our charge includes funeral counseling, necessary arrangements, recording vital statistics, securing permits, filing and obtaining death certificates and other forms and claims, preparation of necessary notices, and coordination of service plans with parties involved in the final disposition of the deceased. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains.

Embalming \$945

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Embalming is an intricate procedure, involving basic surgical techniques, that provides more flexibility and options to you. If we embalm your loved one, we can build more time into the schedule for services and offer a public viewing of the body, both of which will allow more of your friends and relatives to say goodbye. Embalming can only be performed by a funeral-service professional who has received extensive training, passed a rigorous state examination and received a license to practice, much like those awarded to attorneys, engineers and physicians.

Embalming is an evolving science, and our staff receives regular, advanced training to ensure that their skills and knowledge remain state-of-the-art. Moreover, we choose our care procedures specifically and very carefully for each loved one entrusted to us, so that we can provide the best possible opportunity for you, your family and guests to say "goodbye."
